ection 5. General Information About Project Gutenberg™ electronic works

rofessor Michael S. Hart was the originator of the Project
utenberg™ concept of a library of electronic works that could be
reely shared with anyone. For forty years, he produced and
istributed Project Gutenberg™ eBooks with only a loose network of
olunteer support.

roject Gutenberg™ eBooks are often created from several printed
ditions, all of which are confirmed as not protected by copyright in
he U.S. unless a copyright notice is included. Thus, we do not
ecessarily keep eBooks in compliance with any particular paper
dition.

ost people start at our website which has the main PG search
acility: www.gutenberg.org.

his website includes information about Project Gutenberg™,
ncluding how to make donations to the Project Gutenberg Literary
rchive Foundation, how to help produce our new eBooks, and how to
ubscribe to our email newsletter to hear about new eBooks.
